IMPORTANT CHANGES TO EBOOK VENDOR

Starting July 12th ebooks and audiobooks downloaded on your SimplyE app from the ebook vendor Digital Public Library of America (DPLA), will no longer be available. This will not affect ebooks/audiobooks from OverDrive. The state is changing to a new ebook vendor, Baker & Taylor.

What happens to ebooks/audiobooks that I have already downloaded? They will not be available after July 12th. Please check them in before July 12th. If you cannot finish the book before July 12th, please write the title down so you can check it out from the new vendor once the transition is completed on July 13th.

How do I know if I have ebooks/audiobooks from DPLA? It's not immediately apparent which vendor provides which book. The only way to tell is to tap on an e-book/audiobook and look at the Information section. In the 'Distributed By' field, you will see the provider's name—see the screenshots below.

From the **My Books** tab,
tap on the **book title**.

On the next screen, you will see an **information section**. Look at the '**Distributed By**' field to see which vendor provides the book. In this example, the title comes from the DPLA Exchange. Only the items showing the distributor as 'DPLA Exchange' will be impacted and should be checked in prior to the transfer, if possible.
